Patient Information:

- Your first consultation *may* take up to 90 minutes. Please allow enough time.
- Please bring this referral to your appointment along with any spectacles and a list of your current medications.
- Drops may be used to dilate your pupils. This may blur your vision for several hours and during that time you may be unable to drive.
- Payment is required at the time of your consultation. This enables you to claim an immediate rebate from Medicare. Visa, Mastercard and Eftpos are accepted.
- If you are unable to attend your appointment, please let us know at least 24 hours before your appointment.
